### **4.5 PERSONAL IMPLEMENTS**

Athletes may use their own implements for field events, unless COVID Safe protocols deem it unsafe to do so. Such equipment should have a Weights and Measurements' Certificate completed in season 2022/23 or verified on the day of competition. **Note**: In the case of pole vault events, no competitor shall be allowed to use any other competitor's vaulting pole, except with the consent of the owner.

## **4.6 COMPETENCY / AGE RESTRICTIONS**

To compete in the hurdles, steeplechase, pole vault and/or hammer throw, an athlete must be at least 12 years of age as of December 31, 2022, and must demonstrate a sufficient level of competency in the event that they have nominated to compete in. This decision is to be made in conjunction the event site officials and Competition Manager. The Competition Manager is then to make the final decision and make the athlete aware of the outcome.

### 4.7 EVENT DISCIPLINE ENTRY RESTRICTIONS

An athlete may only compete once in a given track and field discipline, at a given round of AVSL regardless of whether they are competing for points or by invitation. Athletes cannot compete in multiple age group specifications of the same (or similar event – refer Rule 6.3) track and field discipline, at the same round of AVSL (e.g. 100m Hurdles and 110m Hurdles).

If a timed session program is undertaken, athletes cannot enter more than one (1) timed session in total during the same AVSL round.

## 4.8 CHECK-IN

Event Registration Check-In is not required for AVSL. Athletes will not need to check-in for events on the day as in previous seasons. Athletes will only need to advise the field event officials at the event site if they are scratching from a field event.

Track events will be pre-seeded and if an athlete does not appear for their relevant heat, the event will operate with a blank lane. If athletes miss their time slot, the athlete will be allowed to compete in a later heat if there is availability but will not score points.

#### 4.9 WITHDRAWAL/SCRATCHING

Athletes must pre enter online for events before the closing date of each round.

Track sheets will be pre-seeded therefore if an athlete wishes to scratch from a track event, the event will operate with a blank lane. Track athletes should be at their event site no later than 10 minutes before the event start time.

Field athletes must report into the event site no later than 10 minutes before the event start time to allow those on the wait list the opportunity to compete. Athletes who are not at the event site prior to the commencement of the event will be scratched.

Athletes must pre-register online for the field event waitlists, where offered, before the closing date of each round. If an athlete is scratching from a field event, they MUST notify the officials at the event site to allow those on the waiting list the opportunity to fill the vacant spot.

(as at 08/10/22)

Athletes on the wait list should report into the event site 10 minutes before the start of the event to confirm their place in the event. Athletes who have not pre-registered will not be eligible to compete.

#### **4.10 TRACK EVENTS**

#### 4.10.1 Heats

All registered track and field athletes wishing to compete should pre-enter via their membership portal on the Athletics Victoria website www.athsvic.org.au. Athletes must submit their individual entry before the published closing date to compete.

Track Heats through the 2022/23 season may vary.

The starters marshal must run the pre-seeded athletes in the order of the seeded start list. If an athlete does not show for his/her event, then the event will run with a blank lane. There will be no promotion from later heats.

#### 4.10.2 40+ and Para Start Rules

Para athletes will be required to follow the World Para Association rules regarding the use of starting blocks for their classification.

40+ are not required to use starting blocks, but if not using starting blocks athletes must start from a standing position or a crouch start (two hands must be in contact with the track when starting in a crouched position).

Any venue rules will supersede the above rules.

## 4.10.3 False Start

If an athlete breaks, the athlete is disqualified but will be allowed to run to receive a time in the same heat. The Starter's Marshal needs to notify the scorers that this athlete cannot score points and is now competing as a disqualified athlete. If an athlete breaks a second time, they will not be eligible to run as a disqualified athlete.

A time run by the disqualified athlete will be able to be obtained but it will not be valid for National Qualifiers or a Victorian record. Per rule 6.1 a disqualification is a recorded performance and will count towards AVSL eligibility.

Due to AVSL competition being a graded competition, this applies to all age groups.

### 4.10.4 Practice Starts

If time permits, athletes will be allowed one practice start, utilising starting blocks, for all laned track events.

### 4.10.5 Hurdles

Hurdle events will be run by hurdle height and may be gender mixed.

## 4.10.6 Relays

To contest a relay at AVSL, athletes must be registered for the 2022/23 season to score points.

Clubs must nominate the number of their relay teams 60 minutes prior to the event to the Administration team. No late entries will be accepted.

(as at 08/10/22)

Relay teams will be run in gender unless other noted on the timetable. If a relay event is noted as mixed, the team must contain 50% female and 50% male. Relay team scores will be age adjusted based on athlete oldest athlete if it is a junior team, or youngest athlete if it is a master's team. If a relay team contains both 40+ and junior athletes, the team will be noted as an open team.

A club may run a mixed gender team, in any ratio, in a male relay at AVSL. The score provided for the relay team will be calculated using the male scoring tables.

Team sheets (with athletes' bib number and name) must be submitted before the completion of the day's competition. If a team sheet is not submitted on time, then that team will be given invite status.

Venues may allow combined club teams to participate in a relay. This relay team will be non-scoring and be marked as invitational for results.

#### 4.10.7 Lane Draw

Lane order and allocation will be via a pre seeded start list by Athletics Victoria. The Starter's Marshal will ensure athletes are placed in lanes based on the pre seeded start sheet and communicate with Photo Finish before the race starts.

## 4.10.8 2000/3000/5000 Metre Track Events

In all 2000/3000/5000 metre track events, Athletics Victoria clubs must provide a lap scorer for each competing athlete that starts the race. It is the expectation of clubs/athletes to have a lap scorer present prior to the start of the event, and venues to announce 15 minutes prior to the commencement of the event to request lap scorers.

Failure to do so may result in the disqualification of the athlete.

#### **4.11 FIELD EVENTS**

## 4.11.1 Maximum Athletes Per Event Site

A maximum allocation of athletes per timetabled field event session will be allowed through the AVSL pre-entry system.

## 4.11.2 Field Attempts & Warm Up

To ensure all athletes have an opportunity to participate, World Athletics rest periods may not be followed.

In some instances, athletes may not have an opportunity to have a practice/warm up attempt, this opportunity will be provided on an event-by-event basis. This process will be reviewed throughout the season, any changes will be communicated to members via email and published on the AV website.

## 4.11.3 High Jump

The progressions in the high jump shall be 5 centimetres. Athletes must nominate their minimum starting height when signing in for their event. The lowest starting heights for high jump are featured in the event timetables, with any height caps also listed (if no top height is listed, there is no height cap in the sheet).

(as at 08/10/22)

In high jump competitions each athlete will have a maximum of eight (8) attempts unless eliminated with three (3) consecutive fouled attempts. Even with a successful clearance, athletes cannot progress past the height limit set by the timetabled event (unless allowed under rule 4.13).

All venues within the round MUST follow the same lowest start height listed in the timetable and hit the same progressions throughout the competition.

## 4.11.4 Pole Vault

In pole vault competitions, jumpers will be permitted to jump until they are eliminated by posting three (3) consecutive fouled attempts. Athletes must nominate their minimum starting height when signing in for this event.

The lowest starting heights for pole vault are featured in the event timetables and must only progress in 15cm increments, any height caps for sheets will also be listed (if no top height is listed in the timetable, there is no height cap in the sheet).

All venues within the round MUST follow the same lowest start height (unless equipment does not allow participation at the lowest height in a safe manner) listed in the timetable and hit the same progressions throughout the competition.

An adjustment to the World Athletics time allowed between jumps for Pole Vault has also been implemented.

## AVSL Time allowed for Pole Vault

More than 3 athletes or first trial in the event 1 minute

2 or 3 athletes 1.5 minutes (Down from 2 minutes) 1 athlete or consecutive trials 3 minutes (Down from 5 minutes)

Pole Vaulters competing within the Metro Region, must compete within their club zone allocation. Zone A athletes must compete at the Zone A venue, and Zone B athletes must compete at the Zone B venue.

## 4.11.5 Throws Event Pegging

In discus, javelin and hammer, all attempts will be pegged and only an athlete's longest throw will be measured and recorded. If an EDM is available, it can be used instead of pegging distances once approved by the Competition Manager.

## 4.11.6 'Throw/Jump and Go' Sheets

To allow more opportunities for those athletes wishing to participate in throwing/jumps events there will be 'Throw/Jump and Go' sheets. These sheets will allow those athletes looking to throw/jump once to obtain points for their club.

Athletes will only have one (1) attempt, regardless of a foul, if entered in a 'Throw/Jump and Go' sheet.

## 4.12 Records & Qualifiers

If an athlete is looking to achieve a record or qualifier, Athletics Victoria and Venue Officials must be notified in advance. A minimum of three (3) athletes must compete in that competition. If a record is

(as at 08/10/22)

achieved, then athletes will be asked to leave the implement used in order to be ratified. In field events, all records must be steel taped to be ratified.

#### 4.13 Extra Attempts

In the horizontal jumps, throws and high jump events the Competition Manager and relevant event officials will have the discretion to allow additional attempts to the top three (3) male and female athletes during 'Controlled' sheets if time permits.

Extra attempts will be recorded and ratified for qualification and record purposes but will not be eligible for AVSL points. AVSL points will be awarded from the original attempts.

## 4.14 COVIDSafe policies

All attendees must abide by all Athletics Victoria COVIDSafe policies and guidelines while attending AVSL competition. Individuals not abiding by these policies and guidelines may be warned, disqualified, or asked to leave the venue. Athletics Victoria's policies and guidelines may change throughout the season, and it is the responsibility of all attendees to be aware of the most up to date policies and guidelines

## 6. AVSL SCORING

#### **6.1 DEFINITIONS**

Recorded Performance - The best performance of recorded attempts, excluding did not start (DNS). Scoring Performance - the best performance of recorded attempt after being adjusted if required as stated in rule 6.2.

Valid Performance - Any athlete who genuinely competes in an event, including disqualification (DQ), no measure (NM), or did not finish (DNF), is still deemed to have competed.

**Club Score** - Is the total number points assigned to a club after any relevant adjustments have been applied.

#### **6.2 POINTS SCORING**

For each event and specification, the AVSL Scoring table (available on Results Hub) specifies performance values associated with point scores of 100, 200, 300, 400, 500 and 600 – these are known as key marker performances and key marker points. There are separate scoring tables for the men and women.

Points are calculated and awarded thus:

- i. An actual performance will be adjusted in the following situations and order:
  - 1. Para-athletes, 40+ athletes, junior athletes in competition will have their performance adjusted as per the published adjustment tables.
  - 2. Any manual timed track event will have an adjustment factor added (0.14 seconds for events starting at the Finish line, and 0.24 seconds for all other events)
- ii. The resultant adjustment by either or both of the above, will become the athlete's scoring performance.
- iii. Any performance not covered by the above, the actual performance is the scoring performance.
- iv. If a scoring performance equals any of the key marker performances, then the associated key marker points value is assigned as the points scored.
- v. If a scoring performance lies between two key marker performances, then points awarded shall be a linear pro-rata assignment between the higher and lower key marker points.
- vi. If a scoring performance is below the 100-point key marker performance, no points shall be awarded. All point scores are rounded down to the nearest whole number (i.e., no fractions), hence similar performances may be awarded the same points score.

If the performance of an athlete in a track event is not recorded by a designated official, and after due process the record of performance cannot be reconstructed, the athlete has the option of a re-run at a suitable time on the day of competition offered by the Competition Manager or accept a default score of 100pts. In all situations, the performance shall count for eligibility.

## **6.6 LADDER POINTS**

After each round of AVSL, ladder points shall be awarded in each division. Ladder points are only awarded to clubs that score club points:

1st will be awarded points equal to the number of teams in the division. Each position following 1st will be awarded 1 less point than the team above. (e.g. 3rd position will be awarded one less point than 2nd)

## Example

- If the division has 10 Teams  $f^t$  = 10 points,  $2^{nd}$  = 9 points, etc. to  $10^{th}$  = 1 point.
- If the division has 11 teams  $f^{t}$  = 11 points,  $2^{nd}$  = 10 points, etc. to  $11^{th}$  = 1 point.

If clubs finish on the same club points at the conclusion of a round, ladder points will be combined and split evenly between the two clubs.

### **6.7 POWER PLAY**

Clubs will have the opportunity to play one (1) power play each season to double their Ladder Points for the individual round. The Power Play can only be played during the preliminary rounds. To activate the Power Play, a club representative must contact Athletics Victoria no later than the set closing date prior to competition round. Please see allocated closing dates at <a href="https://www.athsvic.org.au">www.athsvic.org.au</a>.

If a club plays their power play on a particular round that is cancelled before or during the event. The power play will be reinstated to the club and can be played at an alternative round. If a club plays their powerplay on the final preliminary round the power play will be used on the previous round.

If a club does not play their power play across any rounds of the AVSL season. The power play will then be forfeited, and no double points scored for that club.

## **6.8 INCOMPLETE ROUNDS**

#### **6.10 TIED LADDER POSITION**

Following the preliminary rounds, if two (2) or more clubs finish with the same ladder points that increases the number of clubs required to participate in AVSL Playoffs, the clubs will be compared via their cumulative season points. If clubs have equal points, they will be compared head-to-head across preliminary rounds. If clubs have equal wins across the season, a decision will be made by a coin toss.

## 7. AVSL PLAYOFFS

Eligibility to represent a club in the AVSL Playoffs shall be determined by an athlete's participation in the preliminary rounds as defined by the following rules:

## 7.1 EVIDENCE OF PARTICIPATION

Evidence of participation in preliminary rounds of competition shall be based on data provided by the AV sanctioned computer scoring system.

There is an onus on clubs to check the accuracy of the data generated by this program during the season, refer to rule 6.10

A club may ask to inspect the original result sheets if the computer data is considered to be inaccurate.

## **7.2 PARTICIPATION REQUIREMENTS**

To compete at AVSL Playoffs, athletes must have a recorded performance in that event (or in an event listed as similar - refer rule 6.3) at AVSL, as well as having competed in three (3) preliminary rounds of AVSL. If due to AVSL event's being abandoned, less than 10 rounds of AVSL are completed, athletes will only need to have competed in 1/3 of the completed preliminary rounds (rounded down). *Example – If 8 rounds are completed, athletes only need to compete in 2 rounds.* 

Athletes that have eligibility to participate at an individual event at AVSL Playoffs are eligible to participate in any relays held at AVSL Playoffs.

Athletics Victoria will retain the discretion of eligibility for the AVSL Playoffs.

## 7.3 AVSL Playoffs Scoring

AVSL Playoffs will be scored as a total across two weekends of virtual competition held at five (5) venues.

All points scored will be totalled across the two weekends for each club, with the combined Weekend 1 and Weekend 2 scores used to award the premierships.

Eligible athletes will have the ability to score, in line with the ten (10) preliminary rounds, in three (3) individual events and one (1) relay on both Weekend 1 and Weekend 2 of the AVSL Playoffs.

### 7.4 ELIGIBILITY BREACHES

In addition, the athlete's club shall be penalised one (1) penalty unit from its score for each transgression by each offending athlete.

## 7.5 INCOMPLETE FINALS

If circumstances prevail that prevent the completion of the full AVSL Playoffs, premierships will be awarded if 75% completion of the meet occurs. 75% completion of a meet is based off the number of event results compared to the total event pre-entries for the meet. The AVSL playoffs meet includes both weekend 1 and weekend 2.

Premierships will be awarded to the leading club in each division, based on the scores of athletes with recorded performances at the time the competition ceased.

In the AVSL Playoffs, if less than 75% completion has occurred, Premierships and Promotion/Relegation will be awarded based off the final AVSL ladder standings following the completion of round 10.

Athletics Victoria clubs will provide the 'club helpers' in accordance with the roster and numbers specified by each zone; club helpers will assist in conducting the events. An event may only commence when a sufficient number of officials/club helpers are in place. In country zones, the number of officials supplied by an Athletics Victoria club at its venue for AVSL shall be determined by the local Region Committee.

Metropolitan clubs that travel to regional venues with greater than 5 athletes will be expected to assist with a minimum of 1 club helper per 5 athletes per club. Please see rule 9.2 for penalties for not providing this assistance.
